(1) Letter No. 7387 dated 20th May 1904 from the Revenue Commr in Mysore regarding the grant of pension to Narnappa late Sékdar of the Chintamani Taluk

Note. The Sekdar was retired from 23rd Decr 1899 on the ground that he was then superannuated. Subsequently when his pension application was, in the usual course, forwarded to the Comptroller for verification, it was found out that he was ~~not~~ then ~~53~~ only 53 years' old and that the presumption that he was then superannuated was based on a wrong entry made in the Schedule of establishment for the year 1899 The Comptroller returned the application stating that the Sekdar was not entitled to any pension and that the case might be submitted for the orders of Govt. The Revenue Commr

Comm^r accordingly submits the case to Govt for orders and recommends that, in these circumstances, the Sekdar may either be granted a special superannuation pension or might be required to serve some time longer. He adds that the Sekdar is nearly 58 years old.

2. The Rev: comm^r suggests the alteration of the heading of col: 6 of the Annual Schedule of Estt^s into "Date of incumbents' birth as per Service Register"

Sub^d.
DMB

1. It is stated that the Calculation of the age of the Sheristadar and the recommendation to Govt to Superannuate him were made on the Strength of the Entry in Col 6 (Date of Incumbents birth - as near as possible - or age on 1st July) of the Schedule of Estabt for 1899. This entry is now reported to have been subsequently found Wrong, having been made "probably by clerical Error". How the Entry was proved to be a mistake does not appear in the D^y Comm^r's letter. From the Revenue^r reference it appears that the Entry in the Schedule for 99 was taken to be wrong as it differed from that in the Service Reg^r. The entry of age in the latter appears to be in a different writing & different ink from that of the other Entries in the first last pages of the reg^r and is a later insertion, the Col of Date of

birth having been left blank at the time the Service regr was first written up and as admitted in a note on the 1st Page. Therefore if the entry in the Schedule for 99 was assumed to be wrong simply because it differed from that in the Service regr, the inference does not appear to be quite conclusive. It would be desirable to ascertain the age given in all the Schedules from the time the man entered the Service and this would show the value to be attached to the entry in the Service regr. If the latter turns out to be correct and the man was retired before he was 55, then the Case would become for special consideration as to which kind of pension is admissible or how the Case should be dealt with.

2. Regarding the suggestion of the Ver Govt to alter the ~~Col~~ heading of Col of age in the form of the Schedule of Establt, it is not an alternative one in form 3 of Civil accts Code Vol I. It is not known why and on what authority the words "or age on 1st July" were introduced in the local form. In any case there appears to be no necessity to qualify "the date of incumbents birth" by the addition of the words "as per Service regr" as the entries in both should be identical and the ~~Annual~~ Schedule should be compared with the Service regr and a certificate of agreement recorded on the former every year - Please see last para of art 55 C.A.C. Vol I.

Revenue Commissioner in Mysore.

To

The Secretary to the Government of His Highness
the Maharaja of Mysore,
General and Revenue Departments.

SIR,

I have the honor to forward herewith the marginally noted papers relating to the application on behalf of Narnappa who was formerly a Shekdar of the Chintamani Taluk and was retired from the service by Government in their Proceedings No. 420-30/R 184 dated 17th July 1899 and to state as follows:-

2 Subsequent to the date of the Proceedings of Government referred to above, it was found that the recommendation that had been made to Government for the retirement of Narnappa was based on the ground that his age as shewn in the Schedule of Establishment for the year 1899, was more than 55 years and that the entry about his age in that Schedule was wrong. The date of birth as given in the Service Register being 9th November 1846, the man was less than 53 years old when the schedule of establishment of 1899 was prepared. However considering that " it was too late to question the orders of Government in the matter " an application for pension on behalf of the retired official was prepared and forwarded to the Comptroller on 14th October 1903. But finding that the applicant was according to the entry in the Service Register only 53 years

of

work which should devolve upon the Comptroller's Office.

Sir,

In Submitting herewith the Pension application of Narainappa, retired Sheristadar Chintamani Taluk, together with Comptroller's memo No. 17 dated 13-11-03 and his docket-no $\frac{4157}{523}$ dated 30-1-04, I have the honor to state that the Sheristadar was retired under the following circumstances. According to the Schedule of establishment for 1898-99 his age was found to be more than 55 years the date of his birth being entered in 1841-42. He was therefore recommended by Mr. H. H. Sparkes, the then Deputy Commissioner, to be

retired and the Government in their
Pro dro $\frac{420-30}{R.184}$ dated 17th July 1899
Sanctioned his retirement — It was only
after the sanction was accorded and
the official retired, that the date of his
birth was found to be wrongly entered,
probably by clerical error. Being, how-
ever, too late to question the sanction
which the Government had given for the
retirement, I got the Pension applica-
tion of the official prepared and for-
warded it to the Comptroller, who re-
plied that no pension could be
granted according to Mysore Service
Regulations —

I therefore, request that under
the circumstances above explained.
the officials case may be treated as
a special one and the Comptroller re-

application and forward the Same

the Comptroller for verification, he returned it stating That the Sekdar was not entitled to any pension as he was only 53 years' old when he was retired and the presumption of Superannuation was wrong, having been based on a wrong entry made in the Schedule of establishment for the year 1899 and that the case might be submitted for the orders of Govt. The Revenue Commissioner accordingly submits the case to Govt for orders and recommends that a Special Superannuation pension may be sanctioned to the Sekdar. It is stated that the calculation of the age of the Sekdar and the recommendation to Government to Superannuate him were made on the strength of the entry in column 6 of

the Schedule of establishment for 1899. This entry is now reported to be wrong as it differs from that in the Service Register. But the entry of age in the latter appears to be in a different writing and different ink from that of the other entries in the first and the last pages of the Register, the column of date of birth having been apparently left blank at the time the Service Register was first written up as can be inferred from a note on the first page. Therefore the inference that the entry in the Schedule for 1899 is wrong, does not appear to be quite conclusive. In view to determine the Sekdar's correct age, the Comptroller was requested to report the age given in all the Schedules from the time the Sekdar entered the Service. The result of the enquiry, however, does not enable the Government to determine the correct age

No. ——— of 1904—1905.

Bangalore dated 11 September 1904.

Certificate and Report of the Comptroller.

Certified that (subject to the Remarks below recorded) qualifying service in Superior, ~~Inferior~~ grades, has been duly proved for 22 years, 7 months, 3 days, and that a Superannuation Pension, ~~Gratuity~~, not exceeding Rs. 5-3-7 Five, annas three, & pies seven is admissible under Articles 306, 321(a) of the Mysore Service Regulations, 2nd Edition. But the full amount admissible under the rules is not to be given as a matter of course, or unless the service rendered is really approved, *vide* Article 317 (*a*) of the Regulations.

The calculations have been duly verified. The Pension, ~~Gratuity~~, is chargeable to General Revenues. The period of 14 days in April 1888 for which Surawads are not available as noted in the history of service is treated as an interruption not entailing forfeiture of past service under 273(f) of the Regulations. It is evident that the applicant occupied the time in transit on official transfer from one taluq to another & for which he drew no pay.
